

We are a boutique Sydney based Wedding Cinematography and Photography studio,
dedicated to contemporary and candid storytelling.

Our dedicated team of professionals will capture your day as it unfolds, seeking to record the
celebration and emotions in an **unobtrusive** and candid way.

Be warned we are a little **cheeky** and love interacting with your family and friends, sharing a
hug and a few laughs...

We are also members of the Australian Bridal Industry Academy.
The ABIA surveys past clients and based on feedback rates and awards wedding vendors for
their performance. MTW Production has been Top 10 ABIA Finalists from 2010 through till 2018.
We are proud of the service and experience we deliver our clients.

You have heard it said before 'a picture is worth a thousand words'.

Some moments are very **powerful** and the story behind them raw and emotional. As visual Storytellers we strive to document your day rather than fabricate or direct it.

We are there to experience each moment with you... the **real** you.

We are not your posey-posey type of studio,
we are down to earth and always **encouraging** everyone to be themselves.

We give you and your besties licence to go banana's...
We love the **spontaneity** and it makes for some and unpredictable pictures

AND

FINE ART PHOTOGRAPHY

A romantic wedding photograph of a couple embracing outdoors. The bride, seen from the back, wears a white lace dress and a long veil. The groom is in a dark suit. They are standing in front of a blurred background of trees and a stone wall. The lighting is soft and natural, creating a warm and intimate atmosphere.

Our fine art style is **contemporary** with a quirky and **rustic** twist, we are all about the vintage feel and lovers of punchy black and white finishes

We **stylise** our images to enhance the ambience and mood of the moment
